EXPERIENCE

Internship in Graphic Design - Mega Eletron

Jun / 2024 - Set / 2024

I have experience as a graphic designer at Mega Eletron, where I was responsible for creating posts and managing social media accounts. Additionally, I developed valuable interpersonal skills, such as teamwork, critical thinking, communication, continuous learning, and empathy. However, I do not have professional experience in programming.

FORMATION

Senai Technical Course - SESI Senai

Jan/ 2021 - Dez/ 2023

I completed my high school education at Senai, where I had the opportunity to enhance my technical knowledge in various areas, including Front-end and Back-end development, networks, cybersecurity, and system implementations such as Ubuntu.

Front-End Development - EBAC

Ago/ 2024 - Atual

I participated in a specialized Front-end Programming course, where I learned and honed various languages and methodologies. Among the technologies I studied, I highlight: React.js, Gulp.js, Parcel, JavaScript, HTML5, CSS3, and the BEM methodology, among others.

Systems Analysis and Development - Cesusc

Ago/ 2024 - Current

HTML5, CSS3, JavaScript, Java with Databases, MySQL, Software Testing with Selenium, Agile Project Management, Lean Startup, Scrum Methodology, and Open Source Software.

ABOUT ME

As a Systems Analysis and Development (ADS) student at CESUSC and a Front-End Developer at EBAC, I have a strong interest in Front-End programming and web design. Currently, I am in my first year of university and have already completed a technical course in Systems Development at Senai.

I consider myself a calm, intelligent, and dedicated person, with a great willingness to learn and adapt to new challenges. My goal is to join a creative and innovative team, contributing to the growth of digital projects.

MAIN SKILLS

HTML5 CSS3 JavaScript

SASS React.js Gulp.js

Figma Git Node.js

CERTIFICATES

JavaScript and TypeScript Course

Fullstack Developer - Basic Back-end

Modern JavaScript Course

HTML5 and CSS3 Course

Cibersecurity Essentials

Fisk English Course
